Full Name: JYOTHI SURESH

Contact Adress: Suresh Bhavan,

Nalkalikkal P.O,

Aranmula,

Pathanamthitta

Pin Code :689533

Summary:

I'm a frontend developer with a strong enthusiasm for creating interesting and intuitive online experiences. Having a solid background in HTML, CSS, and JavaScript, I contribute both my technical know-how and creativity to any project I work on. My proficiency with contemporary frontend frameworks, like as React, allows me to create interfaces that are both interactive and responsive.

My expertise also includes speed and efficiency website performance optimization using Webpack and performance auditing methods.

I work best in team contexts where I can collaborate closely with backend engineers, designers, and stakeholders to produce solutions that are above and beyond expectations. I constantly strive to learn new things and keep up with the newest developments in frontend development, honing my skills to provide outstanding outcomes.

Education:

- Bachelor's degree in Physics from Christian College, Chengannur[2021]

- I completed my education in Mar Thoma Senior Secondary School , Kozhencherry before attending SVGVHSS , Kidanganoor.

Work Experience:

- Intern at Luminar Technolab,Kochi

Skills:

-HTML

-CSS

-BOOTSTRAP
-JavaScript

Soft Skills:

Adaptability: I am adaptable and can work efficiently in dynamic and fast-paced environments. I can prioritize tasks effectively, manage multiple projects simultaneously, and meet deadlines without compromising quality.

Attention to Detail: I pay close attention to detail in coding, design, and testing phases, resulting in clean, maintainable code and seamless user experiences. My thorough approach minimizes errors and enhances the overall quality of deliverables.

Passion for Innovation: I have a passion for innovation and enjoy exploring new technologies, implementing best practices, and optimizing processes to drive continuous improvement and innovation within the team.

Dedication and Reliability: I am dedicated, reliable, and take ownership of my work. I take pride in delivering exceptional results and exceeding expectations, contributing positively to the success of projects and the organization.

Positive Attitude: I maintain a positive attitude, a willingness to learn from challenges, and a proactive mindset that allows me to tackle tasks with enthusiasm and determination.

Languages Known :

-English(Read,Write,Speak,Understand)

-Hindi (Read,Write,Speak,Understand)

-Malayalam (Read,Write,Speak,Understand)

-Tamil (Speak, Understand)

Co-Curricular Activities:

During my time in school, I participated actively in the library club .In high school, I was a member of the Bharat Scouts and Guides .The Chief Minister's Shield was awarded to our group in 2017.Additionally, I've volunteered for medical caps, anti-drug campaigns, etc.

Hobbies and Interests:

I enjoy reading, watching movies, and listening to music

I'm also enthusiastic in expanding my knowledge and improving my abilities. In addition to my passion for frontend development, I enjoy exploring new web technologies and frameworks to stay updated with industry trends. I actively contribute to open-source projects, collaborate with designers to create visually appealing interfaces, and optimize website performance for speed and responsiveness. My interest in user experience (UX) design drives me to create intuitive and user-friendly web experiences, while my curiosity for creative design elements allows me to experiment with animations and visual effects. I value teamwork and enjoy collaborating with cross-functional teams to deliver innovative solutions that meet user needs and business objectives.

Getting to know new people and languages is something else I enjoy doing.

I also find it interesting to learn about the many customs, holidays, and civilizations observed globally.
